

CHILDCARE DETAILS FOR INFORMATION SESSIONS

There are 19 seats for children from that ages of two to eight years old. The childcare services will be located in Room B of the building. We request that parents who will utilize the drop-in service arrive no earlier than 15 minutes before the session.

To adhere to health and safety procedures; parents will need to do the following before receiving services:

- Sign in children and list emergency contact information
- Sign Informed Consent and Release Form for Martin University Care
- Sign COVID Questionnaire Form attesting that their child has not been exposed to COVID or has tested positive for the COVID 19 virus.
- Children are not required to wear masks; however, we will be conducting temperature checks at arrival.

We prefer the lunches for the children to be delivered to Room B. Parents are welcome to check children out of the drop-in center for lunch.
