

Eleven Fifty Academy

INDIANAPOLIS – June 21, 2022 – Scott Jones, founder of Eleven Fifty Academy, was named as one of the most impact and influential business and community leaders in the state of Indiana by IBJ Media’s [Indiana 250](#) list. The Indiana 250 award celebrates and recognizes 250 leaders who have had undeniable impact on the Hoosier state.

The list was compiled by the executives, editors, and newsroom staffs at IBJ Media’s three news brands (Indianapolis Business Journal, Inside INdiana Business and Indiana Lawyer). Consideration for inclusion on this inaugural list took place over a months-long process that included reviewing nominations, researching Indiana organizations, and interviewing community leaders across Indiana.

The goal is not just recognition and celebration of these influential people, but also to allow for those in other areas of the state to look for leaders they may wish to connect with to enable Indiana businesses and communities to find opportunities to grow and thrive in new ways.

For more information about the Indiana 250, read more [here](#).
